

ILM LEVEL 5 AWARD IN SOCIAL IMPACT ASSESSMENT

ILM/L5ASIA/V2/0711

Introducing the qualification

The ILM Level 5 Award in Social Impact Assessment aims to develop the skills, knowledge and understanding needed by managers, directors, trustees and those who provide advice to implement social impact assessment procedures.

In the final element of the unit, participants set up and employ a data collection system to monitor performance of a social enterprise. This data is then used to compare the social enterprise's impact against relevant benchmarks.

This concise, single-unit, qualification commences with an overview of the concept of social enterprise and the measurement of social impact. Participants then look at the types and definitions of Key Performance Indicators (KPIs), identifying those relevant to all ethically motivated businesses.

Qualification overview
